

## Group Initiative

### Farm Olympics-Tire Race

Students will roll large tractor tires through a course. On the way to and from the course students will take turns stretching themselves by climbing a top the tires and walking them part of the way. Safety equipment must be worn and students are allowed to hold on to someone else on the ground for support. Students work together to complete the race.

#### Questions:

1. What was fun about this that you didn't expect to be fun?
2. What challenged you the most in this race?
3. How does this relate to our theme of "Identity"?
4. How will you use this experience going forward?
