Sophisticated	Competent	Needs Love	Let's Chat
I brought materials to class; did not ask/need to leave to get materials.	I brought materials to class and quickly problem-solved with classmates for necessary materials.	I borrowed materials from classmates.	I asked/needed to go to locker for supplies or materials and/or spent work time seeking supplies.
I took the initiative to begin working.	I needed a reminder to begin working;	I needed a reminder to begin working or to stay on task throughout class.	I needed several reminders to engage in work.
I moved through checklist independently while problem-solving issues.	I redirected positively and quickly.	I had difficulty working without socializing. I was largely distracted.	I was only minimally productive; I made excuses for off-task behaviors.
I was helpful to others who need direction or help.	I worked alone or asked others for help, but did not help others.	I needed to move seat and work, but did so without arguing or complaining.	I socialized, wandered, or took part in other off-task behavior that interfered with productive work.
I worked with others with little or no socializing.	I engaged in little or no socializing that did not interfere with productive work.	I restored the environment without reminders.	I restored the environment with reminders.
I restored the environment without reminders.	I restored the environment without reminders.
