Cycle 1 Connections

Dream Connection

How do we make connections to the real world through our dreams? What are your dreams trying to tell you? You will create a dream catcher to “catch” your dreams throughout the night and a handmade journal to reflect and draw connections about what your dreams may have meant. A Native American legend tells us that all dreams are caught in the dream catcher. Bad dreams are caught and held in the web until destroyed by the first rays of the sun. Good dreams find their way through the hoop and enter the life of the dreamer through a personal ornament. Be sure to follow the format so the webbing looks similar to one another. Your ornaments will be what make it unique.

Materials Needed for Journal:

This project is due on: **Friday, October 22, 2021**

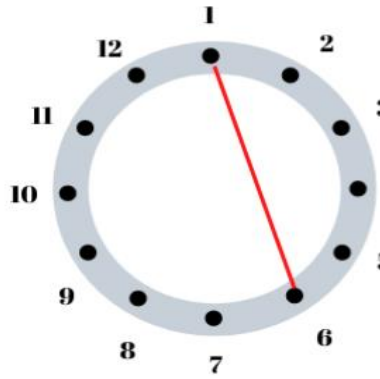

- ☐ **Step 1: Due Monday. Review the task.** Create your own dream catcher and handmade journal.
- ☐ **Step 2: Due Monday. Build the webbing of the dream catcher.** Follow the step-by-step instructions to lace the string around the hoop, creating the design.
- ☐ **Step 3: Due Tuesday. Add ornaments to dream catcher.** Use string to add ornaments to the bottom of the dream catcher. Ornaments should hang below the hoop.
- ☐ **Step 4: Due Wednesday. Design the cover.** Using white cardstock paper, draw a design that will be used as the cover of your journal.
- ☐ **Step 5: Due Thursday. Assemble your journal.** Each journal should have NO FEWER THAN 25 pages for writing.
- ☐ **Step 6: Due Thursday. Bind your journal.** Use the binding machine to punch holes in your pages, then attach the spine.
